Governor Haley Barbour to Deliver GOP Address

Mississippi Governor Haley Barbour, vice-chairman of the Republican Governors Association, will deliver the Republican Address on Saturday, March 21.

"Reform-minded Republican leaders at all levels of government are offering solutions to the serious challenges facing our country – real solutions that contrast sharply with the inaction and confusion of Democratic-controlled Washington," said House Republican Leader John Boehner (R-OH).

"Governor Haley Barbour is one of our party's brightest stars, and through this weekend's GOP address, his message of reform and better solutions will be heard throughout America."

"Americans know our challenges won't be solved by the Democrats in Washington, whose plans for everything involve new taxes, new borrowing and new spending," said RGA Chairman Governor Mark Sanford.

"Governor Barbour's focus on cost-effective solutions and real-world reforms exemplifies the type of leadership citizens want. I look forward to hearing Governor Barbour's alternatives to the Democrats' tax-and-spend agenda."
